

Briefings.....

Cops for Kids is having a very rewarding year. It is hard to believe that we are already half way through our 2005-2006 year.

Sponsors like you really got behind our program this year and we were able to help hundreds and hundreds of children at Christmas. As in the past, Sheriff's deputies and many volunteers delivered presents, gift certificates, and Christmas cheer to children and seniors throughout the valley.

As you know, Christmas is only a small part of what we do. Year round, we help children and their families with homeless emergencies, school and educational needs, scholarships, youth sports programs, and much more.

We are getting an early start on the annual September Fundraiser so please, once again, allocate Cops for Kids funding in your budget. Remember to include September 22nd, 2006 on your calendar for the 2nd annual CFK golf tournament and evening fundraiser. The Temeku Hills golf tourney and dinner event were very well received by all, so we have again reserved the golf course and banquet hall.

It is important that you, our sponsors and supporters and especially your customers

recognize that you are an important contributor to Cops for Kids and a positive community citizen. Please look at the updated Cops for Kids website at www.copsforkidsinc.org. If your company has a website, you are now linked to ours. If you have a website that we do not know about, please call Tom (951) 245-3389 or (951) 532-6327.

If you have suggestions on how Cops for Kids can better serve our community or if you learn of a child, family, or senior citizen who could use our assistance, please call the office at the Lake Elsinore station.

Thanks again for your past and current support. Have a great 2006 and we'll be talking with you!
